The modular Elemental etagere provides a customizable combination of open shelving and closed storage. Materials can also be tailored to suit various styles. Legs with matching knurled fittings are available in aged brass, matte black or polished nickel, while shelves are offered in wood, dark antique gray limestone or bright honed carrara marble. Storage options include 24-in. and 36-in. widths, and drawers are available in 6-in. and 10-in. heights.

2 CASSINA

cassina.com

Hayama's profile draws inspiration from the cut, volume and subtractive aesthetic of the traditional Japanese *haorikimono*-style jacket. Renowned product designer Patricia Urquiola also referenced the work of architect Kazuhide Takahama, credited with industrializing antique lacquering traditions. The piece is made of MDF and fitted with transparent glass shelving.

3 SAMUELSON FURNITURE

The Custom King Bed and Cabinet Wall Unit (#8721) features two overhead pendant light cut outs and recessed LED strip lighting to illuminate the bed. Power hubs are incorporated into each side wall. A built-in wardrobe cabinet on the left side has an LED-lit hanging bar and two upper shelves. The right side of the piece provides additional storage thanks to the trio of drawers as well as a mini-fridge cabinet in the lower section. Glass shelving and an additional cabinet in the upper half round out the design. A smoked mirror wall and two puck lights accent the shelves.

4 INDUSTRY WEST
