HOK's Kay Sargent Takes a Different Path

SOURCES

1. Spot Tables from Samuelson Furniture

Introduced as part of the brand's newly launched Phorm Collection, Samuelson Furniture's Spot Tables are versatile in size with an outer shell that is available in any color or sheen. Eccentric in shape, the Spot Tables are round with curvaceous openings serving as a distinctive design accent. The inner area of the tables is customizable and can be built in a variety of ways, making each table unique to the space in which it is placed.

3. Ascend from DeskMakers

Offering a range of heights, Ascend casegoods allow end users to transition from sitting to standing within seconds and keeps them moving throughout the day. Ascend can be specified as a freestanding piece or as part of a desk configuration and is offered in a variety of sizes for desks, returns and credenzas with multiple storage options for exceptional flexibility. The collection is intended to easily coordinate with the entire family of DeskMakers products so it can be mixed and matched while ensuring a sense of design continuity. Additionally, modesty panels vary from light and airy to substantial to match virtually any decor.

2. Flo Desk from MASHstudios

The Flo Desk is a new quick-ship sit-stand desk with an adjustable height that allows users to go from sitting to standing with a smooth push of a button. Designed in response to an increased demand for movement in the workplace, the new desking solution blends flexibility with a spacious surface and stylish form. Part of the READYMADE line, a collection of smart office furniture from MASHstudios that blends convenience and good design, the Flo Desk features a matte laminate surface made with a 1-inch Baltic Birch plywood core, paired with a cold rolled steel metal frame, finished in smooth matte black.

4. POPSTAR from Buster + Punch

Handcrafted in Europe, the POPSTAR gin furniture piece is made from white oak or black oak. Its interior is crafted with a quilted back panel in gray berry silk and black leather. The lift-up hatch closes for extra surface space while the glass front displays spirits. Accented with custom brass details, the bar features a signature knurled light fitting and a pair of brass knobs. The POPSTAR bar is a scaled-down alternative to the ROCKSTAR bar for more compact form and function.

5. Rise from Allsteel

Inspired by the natural ways people gather and share ideas, Rise is a newly expanded seating collection that aims to create comfortable seating solutions in a group of non-traditional furniture. Designed by IDA Design and Rainlight Design Studio, the modular seating collection presents a solution to maximize the productivity, relevance and versatility of any environment. Rise features a range of different solutions, including a chaise, 120-degree corner seat, arm perch, soft wall, ottoman and a half-width ottoman to create customized configurations. allsteeloffice.com

6. Turn and Learn from Ferco Seating

Due to its swivel technology, the Turn and Learn educational seating system creates an environment where collaborative learning can flourish through suggestive face-to-face and eye-to-eye contact for group work. An ideal hybrid solution to didactic and active styles of learning, Turn and Learn mirrors the workplace industry where tasks are oftentimes conducted collaboratively or alone. fercoseating.com

7. 227 Range from Wilkhahn

The 227 Range is a task chair range that marries simple design with comfort. It's an ideal choice for commercial spaces like customer support and meeting areas, or cross-over spaces like dining tables and home offices. With its four-star base and slender figure, the chair looks compact and lightweight. The contours of the seat shell, armrests and base frame coordinate with each other smoothly, making it easy to combine the chair with a variety of table shapes. Other features include optional black armrests and the choice of glides or casters. wilkhahn.com/en-us

On the 50th anniversary of the design, Fritz Hansen introduces the Lily chair in sculptural walnut veneer with chromed legs. Lily was designer Arne Jacobsen's last chair design and resembles a lily flower with open petals. The Lily 50th Anniversary Edition is available with or without armrests and the interior veneer layers are beech wood. Every chair has a special anniversary tag mounted under its seat. > fritzhanzen.com/en-US
