03 GUISE
The warm 3000K glow of these aluminum and glass pendants helps create a cozy zone. The LED is hidden in a streamlined profile that enables an extra layer of illumination even in a tight space.

05 GEOMETRIX
Versteel developed this system of modular tables as a "solution that can conform to any space." Offered in five heights, four shapes, 12 colors, and with optional wireless chargers, power ports, or Bluetooth speakers, the products are clad in Corian and are LEED- and WELL Building Standard-compatible.
