1 Crafted with American hardwoods and available in a variety of standard or custom finishes, **Stickley's** Modern Loft dining table features architectural pedestals anchored by half-lap joinery with a one-piece solid ash top. STICKLEY.COM

2 Inspired by urban living spaces with hints of farmhouse and midcentury styling, **Bernhardt's** Aldo distressed pine console, part of the Loft-Highland Park collection, features an X-shaped stretcher, two drawers, and open shelves for storage. BERNHARDT.COM

3 A walnut veneer wood body and a black metal frame make up **Samuelson's** Rolling Mini Bar. The storage cabinet is finished in high-gloss white with brass handles, while the top shelf features crystallized glass. SAMUELSONFURNITURE.COM

4 Stille is a collection of shelving and occasional tables designed by **Standard Issue** that provides maximum functionality with minimal materials. The slim framework and overall flexibility allows the range to fit into almost any environment. STANDARDISSUEDESIGN.COM

5 Inspired by the iconic work of Piet Mondrian, **Powell & Bonnell's** Habitat coffee table features a glass surface set on top of two cantilevered shelves, which are supported on an interconnected, asymmetrical framework. POWELLANDBONNELL.COM
