New Hope For Human Health

Seating

1. SAMUELSON FURNITURE

The Reid Rocking Chair by Samuelson Furniture blends comfort, safety, and timeless design. Its gentle rocking motion soothes and supports well-being, while plush, ergonomically designed cushions enhance relaxation. A patent-pending "Rock Stopper" safety feature prevents forward tipping, ensuring secure and confident exits. Crafted with premium materials—veneers, solid wood, walnut, quartz, and metal—the Reid is available in all legendary finishes. Dimensions: 32.75" H x 27" W x 31" D; 19" SH, 21" SD, 27.75" arm height. samuelsonfurniture.com

2. KWALU

The Kwalu Ellie sofa, designed by Von Robinson of Play Orbit Studio, features Protea—the company's durable, cleanable, and bleach-cleanable finish that withstands rigorous healthcare use. Rooted in biophilic design, Ellie incorporates soft curves and natural forms to reduce stress, support healing, and enhance emotional well-being. Its warm, non-institutional aesthetic promotes dignity, autonomy, and connection, helping to humanize care environments. Built for both comfort and performance, Ellie redefines wellness-focused seating in clinical spaces. Available in three sleep widths (69", 72", and 75"). Dimensions: 79" W, 82" W, or 85" W x 35" D x 32" H. kwalu.com

3. KI

Civara and Zentori seating collections elevate task and conference environments with distinctive aesthetics, purposeful functionality, and ergonomic excellence. Civara is a fully ergonomic task seating collection designed by CLAUDIO BELLINI Studio in Milan. Available in mesh or upholstered task chairs and stools, Civara brings design-forward aesthetics and high-performance ergonomics to environments that demand all-day comfort and focus. Zentori task and conference seating brings a soft, residential feel to professional settings. Available in fully upholstered high-back, mid-back, and low-back chairs as well as a low-back stool, Zentori offers clean lines, premium finishes, and intuitive comfort. ki.com

Textiles & Wallcoverings

4. HBF TEXTILES

Perrito by HBF Textiles is a domestically woven, fashion-inspired glen plaid houndstooth that blends classic patterning with bold, modern colorways. Available in nine fresh hues, Perrito delivers dimensional style and long-lasting appeal. Its 54" width makes it ideal for upholstery, while bleach cleanability and sustainability certifications ensure performance and peace of mind. PFAS-, fire-retardant-, and antimicrobial-free, Perrito meets rigorous environmental standards, including SCS Indoor Advantage Gold and BIFMA LEVEL 7.4.4 compliance. hbftextiles.com

5. DESIGNTEX

Liliana DS is the latest addition to Designtex's Digital Studio—a lush, hand-painted floral inspired by the millefleur style. Botanicals seem to grow organically from the background, evoking a sense of natural beauty and discovery. Merging digital print technology with artistic craftsmanship, Liliana DS brings warmth and joy to any space. It's a versatile pattern ideal for wallcoverings, upholstery, panel, and multiuse applications—designed to create welcoming, expressive environments with timeless charm. designtex.com/digital-studio

6. MARK ALEXANDER

Mark Alexander's Reed wallcovering from the Grasscloth II collection blends sisal and seagrass strands in a random sequence, forming a beautifully organic yet refined semi-plain texture. Handwoven on traditional looms, Reed exemplifies natural craftsmanship and sustainable sourcing. Available in four sophisticated colorways, this 35.8" wide, 8-yard roll is both REACH compliant and PFAS free. Its tactile surface and earthy palette make Reed a timeless choice for serene, textured interiors rooted in nature. markalexander.com

Storage Solutions

7. HERMAN MILLER

Herman Miller's Mora System, designed by Colin Nourie, is a modular healthcare casework solution that streamlines clinical spaces. Enhancements feature versatile storage, expanded cabinets, soft-close hardware, and customizable finishes for a clean, modern look. Options include trash/recycle cabinets, shelving, and benches. Available in four configurations: Mora 01 (58.68" H x 72" W x 20" D), Mora 02 (58.75" H x 65" W x 19.88" D), Mora 03 (126" H x 87.25" W x 25" D) and Mora 04 (76" H x 199" W x 31.5" D). hermanmiller.com
