

The right furniture can turn a drab room into a comfortable, stylish place for guests to spend some downtime. Here's a look at some of the latest furniture looks:

### **8495 Loveseat**

Family-owned furniture manufacturer Samuelson Furniture has launched the new 8495 Loveseat as part of its Phorm Collection. The top stitching throughout the tight upholstered frame is carefully matched to the loose seat cushion. It's complete with a wooden base and splayed back legs.

"Attention to detail was our main priority when designing the 8495 Settee from the Phorm collection," said Michael Chalfin, EVP, Samuelson Furniture. "The compact size is not only stylish, but an ideal option for boutique spaces. Even if space is not a concern, this loveseat is the perfect complement to any seating area, whether it's paired with two accent chairs or a larger sofa."
