CES 2026 Welcomes Furniture Companies & Innovations

⌚ January 1, 2026 by [Karen Parrish](#) in [Business Strategy](#), [Industry](#)

[CES 2026](#), the most powerful tech event of the year presented by the Consumer Technology Association, takes place in Las Vegas, Jan 6-9, welcomes innovators from industries around the world.

CES is the Global Stage for Innovation. According to the website, the event is where brands get business done, meet new partners and where the

industry's sharpest minds take the stage to unveil their latest releases and boldest breakthroughs.

CES showcases companies including manufacturers, developers and suppliers of consumer technology hardware, content, technology delivery systems and more.

This year, several furniture industry companies are introducing their newest innovations including:

[Samuelson Furniture](#) whose patented Sound Chair merges advanced design with innovative seating to elevate life quality. Using Bluetooth technology, the chair itself becomes the speaker—enhancing hearing, comfort, and connection. A smart-home-ready solution for modern connected devices. With events including a media briefing, product demonstrations and presentations by innovators. Venetian Expo, Halls A-D Booth 53423.
